

Integrated Management Systems Lead Auditor for EMS and OHS (5 Days)

Australian
Organisation for
Quality - Queensland
(AOQ-QLD)

This course provides practical information regarding how to combine Environmental Management Systems (EMS) and Occupational Health & Safety Systems (OHS) into an Integrated Management System (IMS). Participants gain a comprehensive and practical understanding of how to conduct a successful internal or external audit, either as part of an audit team or as the team leader.

Learning Outcomes

- > Understanding the requirements of ISO 14001 Environment and AS/NZS 4801 & OHSAS 18001, OHS Systems within an IMS
- > Able to implement processes within the IMS
- > How to document an IMS
- > Understand the role of the IMS auditor
- > Conduct effective, value-adding audits in alignment with ISO 19011:2011 – Auditing Management Systems
- > Lead a team to conduct internal or external audits
- > Identify gaps in the management system documentation
- > Improve conformance to the

Prerequisites
